

Triller

What is Triller?

Triller is a social video platform available for iOS and Android users. It has been widely compared to TikTok as it involves users dancing or lip-synching to their favourite songs. A number of celebrities are using Triller such as Justin Bieber and Rita Ora. Users can create videos, which are then auto-edited along with the ability to add filters and personalise with text and emojis.

Triller is rated as 12+ by the App store, which means it may not be suitable for children under the age of 12.

What should I be aware of?

In app purchases:

'Gold' can be bought as an in-app purchase. Ensure your card details are not saved on your child's device and that your child understands to always ask permission before purchasing.

Direct messages/commenting

There is the ability to privately message other users as well as receive comments on your videos. This can pose a risk of receiving negative messages.

Inappropriate content:

Whilst Triller state in their Community guidelines that harmful content is not allowed and will be removed, potentially inappropriate content could be viewed.

Reporting/Blocking:

If your child does come across any inappropriate content or behavior then they can report it within the app by tapping on the three dots within the user's profile. They can also choose to block that user. Alternatively, you can email support@triller.co.

Saving:

Users are able to share other people's videos (via other social media platforms/ email/ messages/by downloading) which means somebody could share your child's video without their consent. It is important your child is aware of this.

Public profiles:

You need an account to upload content. When you create an account, it is automatically set to public. Accounts can be changed to private in profile settings, which means only the people your child approves, can view what they upload.

Further information

As always, have regular chats with your child about what they are doing online. It's really important to make sure that your child knows that they should talk to you or another trusted adult if they have any concerns. You can find out more about Triller here:

Instagram

Reels

What is Instagram Reels?

This is Instagram's latest feature and is being portrayed as Instagram's version to TikTok.

Users will now be able to create 15-second videos using filters and music. Reels follows your privacy settings on Instagram so if your child has a public account then anybody will be able to view their reels. Users can share their reel to the 'Explore' tab where it can be seen by the wider Instagram community or it can be shared with their followers by on their Feed.

Online Hate Crimes

What are Online Hate Crimes?

A Hate crime describes an incident or crime that takes place against someone based on a part of their identity e.g. their race or ethnicity or their religion. Online Hate Speech is viewed very seriously by the Police and those who post hate crime can be charged, which may lead to a criminal record and potentially a prison sentence.

What can I do?

If you see anything online that can offend or hurt somebody or you are a victim of an online hate crime then you can report it via that platform's reporting process. If you wish to take the issue further and believe the content is illegal and originates in the UK then you can report it to the Police here:

<https://www.report-it.org.uk/reporting-illegal-online-hate-material-to-the-p>.

Discord

What is Discord?

Discord is a social networking app (rated as 13+ by the App store) that is used by gamers to chat to each other. Discord can be freely accessed via a website or app but does include in app purchases through Discord's premium subscription service.

How does it work?

Discord is made up of 'servers', which are spaces for groups of friends to chat, upload files and share images etc. Anybody can set up a server and they can either be public or private. Users have the ability to video call and send direct messages to either other individuals or to groups of up to 9 people. By default, all direct messages are scanned and explicit content is blocked.

How can I make it safer?

Discord have created this article, which outlines four steps to creating a safer account, including how to block users.

<https://discord.com/safety/360043857751-Four-steps-to-a-super-safe-account>

How is it linked to other games?

Children who play online games such as Fortnite may use Discord to chat about the game. Some gamers use Discord to chat when playing certain rather than using the in-game chat feature.

What do I need to be aware of?

Discord should only be used by those over the age of 13. We always encourage you to chat to your child to see why they use different apps/websites and ensure that they know how to block users and what to do if they see any inappropriate content. It's important to be aware that Discord does include video/voice calling which cannot be filtered.
